## ABOUT ME

I am an eager computer scientist with a Bachelor of Science degree from the University of Technology in Jamaica. I specialise in Software Development. I have a solid understanding of programming languages, data structures, and software engineering principles, as well as practical experience designing and optimising systems.

## EDUCATION

### UNIVERSITY OF TECHNOLOGY, JA.

Bachelor of Science in Computing

## WORK EXPERIENCE

### SENIOR SOFTWARE ENGINEER

Apple Inc. (2032-Present)

- Lead the design and architecture of robust software solutions for corporate applications.
- Mentor junior developers, develop a collaborative environment, and encourage professional development within the team.
- Increase project productivity resulting in successful product launches.

## SKILLS

- ➔ Database management
- ➔ Software Development
- ➔ Testing & Debugging
- ➔ Web Development
- ➔ Networking
- ➔ Critical Thinking
- ➔ Project Management
- ➔ System Administration

### FULL-STACK DEVELOPER

NextGen Solutions (2029-2032)

- Led the development of full-stack web applications, integrating frontend technologies with backend services.
- Managed project scheduling and worked with cross-functional teams to guarantee project completion on time.

### SOFTWARE DEVELOPER

Tech Innovations Inc. (2028-2029)

- Cooperated with a team of developers to design and implement online apps in JavaScript, HTML, and CSS.
- Participated in code reviews, helping to improve code quality and standards.
- Assisted in troubleshooting and fixing software bugs, hence improving user experience.

## CERTIFICATION

### CERTIFIED ETHICAL HACKER (CEH)

2027 - 2028  
Codecademy

### INFORMATION SYSTEMS SECURITY PROFESSIONAL (CISSP)

2027 - 2028  
International Information System Security Certification Consortium
